HUAWEI Ascend P6
The world's slimmest smartphone is elegant and edgy

Impossibly slim design

- In designing the HUAWEI Ascend P6, we took inspiration from an everyday object: paper, therefore the Ascend P6 is portable and convenient.
- HUAWEI Ascend P6 is lightweight at approximately 120g and features precision detailing with a sleek metallic body and back cover.
- HUAWEI Ascend P6 includes an innovative circuit board, one of the slimmest and narrowest in the industry, built to fit the 6.18mm handset.
- cases.

Rediscover the beauty in life

- Create stunning 'selfies' with the industry-leading 5-megapixel front-facing camera and auto-facial enhancements.
- HUAWEI Ascend P6 lets you to get up close and personal with distance-defying 4cm macro view capabilities of the 8-megapixel rear-facing camera.
- Even the most amateur photographer will feel like a professional with IMAGESmart software that provides contrast and color enhancement, auto scene recognition, object tracing focus, and instant facial beauty.
- View images and videos with a 4.7-inch high definition in-cell LCD screen and 1080P full HD video recording and video playback.

Intuitive and easy-to-use

- Huawei's proprietary Emotion UI is even easier to use with Uni-Home, Me Widget, MagicTouch, and SmartReading, featuring a wide range of customizable options.
- Enhance your photography with Emotion UI's panoramic shoot and facial recognition technology.
- Enjoy fast upload and download speeds with HSPA+ DL: category 14, 21 Mbit/s, UL: category 6, 5.76 Mbit/s, 3G-WCDMA Radio Bearer UL/DL: 384 kbit/s.
- For a multi-screen sharing experience, Emotion UI features Huawei's AirSharing technology enabling minimal lag when gaming.
- Emotion UI features QPC and ADRX battery optimization and power saving technology to improve performance by more than 30%, compared with smartphone batteries of equal size.

Technical Profile

- **Display:** 4.7" HD 1280 x 720 In-Cell LCD
- **OS:** Android Jelly Bean 4.2.2
- **UI:** Emotion UI with Uni Home, Me Widget, MagicTouch and SmartReading
- **Memory:** 2GB RAM, 8GB ROM, support for microSD card up to 32GB
- **Front-facing camera:** 5.0MP
- **Rear-facing camera:** 8.0MP with F2.0 aperture with BSI and 4cm macro view
- **Video capture:** 1080P full HD video recording and video playback
- **Size:** 132.6mm x 65.5mm x 6.18mm
- **Weight:** Approximately 120g
- **Network:** UMTS /GSM
- **Fast upload and download speed:** HSPA+ DL: category 14, 21 Mbit/s, UL: category 6, 5.76 Mbit/s, 3G-WCDMA Radio Bearer UL/DL: 384 kbit/s
- **Processor:** 1.5GHz Quad Core
- **Audio:** Dolby Digital Plus
- **Battery:** 2000mAh
